

## Electric Service Credit Union is Now Enbright

It's a new day in the Middle Tennessee credit union scene: Enbright Credit Union is the new name of Electric Service Credit Union (ESCU). Why the change? According to Enbright CEO Ron Smith, "We wanted a name that reflects our energy for helping others while maintaining a connection to those who founded and support the credit union, Nashville Electric Service." The Enbright name retains a philosophical connection to the credit union's history – illumination – and carries a promise of a bright future for all members."

Electric Service Credit Union has a long history. It was originally established in

1951 to serve the employees of Nashville Electric Service (NES) and continues to have an office located within the main NES

building in downtown Nashville. Since that time, the credit union's charter has expanded to be able to serve anyone who lives, works, or worships in Davidson and Sumner Counties. The name is new, the logo is new, but the people and the mission are still the same. Our passion for serving our members is our first priority, and we hope our excitement is catching. You'll notice the new logo when your old debit card expires or when you order new checks. Checks, debit and credit cards will continue to work with *continued on page 2...*
